

Jaycee Contest Winners

FIRST PRIZE WINNER in the Jaycee essay contest among the senior class was Faye Balzen, shown receiving her \$25 check at the magic show last Friday night. Jaycee president Jimmy Duncan, left, presents the check as Doolie Crow and Barbara Vaughn look on. Miss Balzen wrote on "Hondo Needs a Recreation Center." Second place and \$15 went to Miss Crow for "Hondo Needs a New High School," and a third place prize of \$5 to Miss Vaughn for "Hondo Needs Industry."

Cub Scout Graduates

THE FIRST CUB GRADUATE from Devine's Cub pack into the Boy Scouts is Robert Lee Busby III. The new scout is shown at the ceremonies with J. D. Klingeman, cubmaster, (center) and H. W. Sollock, scoutmaster.

Onions In Demand

A BIG DEMAND for onion plants is causing a rush on trucks, express cars and parcel post in Devine this week. Through last week over 2,000 cases have been sent by express alone, and one grower harvested 1,100 cases. Shipments have been made to almost every state in the union. About 100 acres of onions in the Devine vicinity are averaging growers around \$140 per acre, according to recent reports. Seed planted in September are ready for market in November, and planting continued through the fall and winter months to make both a fall and spring crop.

Still in Hospital

STILL UNCONSCIOUS but improving, Ralph Gilliam (left) is in the Medina Hospital where he has been since his car overturned on east Highway 90 on March 12. The wreckage of his car is pictured at the right.

Garden Club Starts Drive To Clean Up

Picards have been placed in the windows of Hondo business establishments by the Hondo Garden Club in connection with their "Help Make Hondo Beautiful" campaign. The posters were drawn by school children from the sixth through twelfth grades in a contest this week sponsored by the club. First prize of \$5 was won by Doolie Crow, a senior, whose poster pictured a house and pipe with a caption, "Don't Dream. Plan, Plant, Paint. Beautify Hondo." Bill Burch, a freshman, was awarded \$3 for second place, and \$2 went to Patsy Tate, sixth grade student, for third. Honorable mention was given Katherine Hutchins, eighth grade, Gloria Johnstone, eighth grade, and Janie Rath, senior, for their entries. Judges in the contest were Mrs. Ralph Kaye and Ruth Curry Lawler, both of Castroville. Serving on the Garden Club poster committee were Mrs. N. C. Johnson and Mrs. Sam Lanham. The Garden Club's campaign is just starting, and other civic organizations as well as the city council will be asked to cooperate. Hondo merchants are helping with the drive by putting "Help Make Hondo Beautiful" into their Anvil Herald advertisements.

Alexander Fined \$50, Costs For Abusive Language

Use of abusive language in a public place cost Henry Alexander a fine of \$50 and costs in justice of the peace court Wednesday. Alexander's truck overturned ten miles east of Hondo on Highway 90, and a local garage sent their wrecker to tow it in at the request of Highway Patrolman Neland Black. Alexander reportedly was dissatisfied with the cost of the towing and cursed when he was told that the officers had requested that the wreckage be moved. The man was arrested by Patrolman Fred Hurst and was placed in the county jail over night until the trial could be held. In county court, Harvey Davis was fined \$50 and costs and given one day in jail after he had been charged with unlawfully engaging in the practice of medicine. Davis' activities had been under investigation for some time by the sheriff's department, and the Negro confessed to the charges when he was arrested Tuesday by Deputy Charles Hitzfelder.

Processing Plant Purchase Announced

DEVINE — The J. F. McCreeless Processing Plant has been purchased by K. S. Perkins and H. H. Heyland, H. E. Allen announces. The new firm will operate the plant in the future as a broiler processing plant.

Annexation Election Wins Approval By 500-139 Vote

Annexation of the Fly, Live Oak, Leinweber, Longview, Murphy, New Fountain, and Vandenberg school districts to the Hondo Independent School District was approved Saturday by a vote of 500-139. The Medina County School Board, after canvassing the returns Monday, announced the following results:

Box	For	Against
Hondo	474	71
New Fountain	22	68
Murphy	4	20

All districts with the exception of New Fountain and Murphy voted at the Hondo box.

Edwin Bendele, Native of Dunlay Buried on Sunday

Edwin Bendele, a native of Medina County, was buried Sunday at Oakwood Cemetery. Funeral services were conducted at the Horger Funeral Home with Rev. Fred P. Bishop officiating. Mr. Bendele died at his home in Hondo on March 18. Edwin C. Bendele was born in Dunlay on Nov. 19, 1892 the son of Florian and Mary Ann Lamor Bendele, both former residents of Castroville. He had been a ranchman all of his life. He is survived by his widow; aged father; children, Mary Anne Bailey of San Antonio, Sgt. Wesley Bendele of San Antonio, Walter Bendele, Mrs. Keitha Sullivan, Mrs. Mary Lee Lutz, and Mrs. Edna Schan, all of Hondo, and a step-son, Harry Freeman of Hondo; a half-brother, Joe L. Wernette of Biry; and six grandchildren. Pall bearers were Ralph Bilhartz, Stanley Jagge, Clarence Wernette, Theo. Bilhartz, Otis Burrell, and Glenn Wernette. Mr. Bendele was a member of the Herman Sons and also a member of the Hondo Volunteer Fire Department.

Draft Board Seeks 12 Men

Twelve Hondo men are being sought by the draft board, but they are not yet classed as delinquent. The questionnaires mailed to them have been returned by the post office, marked "Moved, left no address." It is believed by the draft board members that these men have just forgotten to notify the board of their new address, and if they write in, or see one of the board members, there will not be any charges filed with the Attorney General. Anyone knowing where these men are living at present will be doing them a favor to call this matter to their attention. The following men are listed by Local Board No. 48, Pearsall: James Esquivel, Mike J. Worley, Frank Vasquez, Alderete, Leonardo Olivarez, Margarito R. Hernandez, Francisco Gonzales, Joe Howard Martin, James Soliz, Refugio Rizo, Lester Earl Harper, Patrick C. Fitzwater, and Jose Esquivel. All gave their address as Hondo. George Dawson is the Hondo draft board member, and these men can get in touch with him for further details.

DEMONSTRATION SCHEDULED ON SHEEP SHEARING

The first demonstration in Medina County of the Australian method of sheep shearing will be held all day Wednesday, April 6, at the A. C. Gilliam ranch, ten miles north of Hondo on the Tarpley road, County Agent C. M. Merritt announces. The demonstration, which will begin promptly at 8:30, will emphasize tying, skirting, shearing, pen grading, and method of better preparations. The shearing will be demonstrated by Mr. Warner of Chicago assisted by Dale Bailey and J. A. Gray, extension animal husbandrymen of Texas A&M College. Merritt asks that all growers and those owning shearing equipment to be present for the demonstration.

Money Still To Be Voted For Project

A \$200,000 postoffice building for Hondo was among the projects approved by the House Public Works Committee in Washington Wednesday. The post office will still have to be approved by both the Senate and House, and money appropriated to carry out the projects. The project was one of 222 approved for Texas in the government's long-range construction program. Postmaster Harry Filleman said Thursday morning that he had not been notified of the committee's action. He stated that similar projects had been approved in the past only to die for lack of appropriations. The last such project, before the war, called for a \$100,000 postoffice building for Hondo. Filleman said that Hondo was in line for a new postoffice and that the city had apparently outgrown the present building. Several hundred applicants are now on a waiting list for post-office boxes, and between 500 and 1,000 people are currently receiving mail through general delivery.

Stock Show Site Given To Natalia

The executive committee of the Medina County Fat Stock Show voted overwhelmingly last Wednesday night to hold the 9th annual show in Natalia. Meeting in the LaCoste High School auditorium, the committee gave twenty votes to Natalia and two to Hondo, the only towns seeking the 1950 site. Natalia's name was submitted by John Albrecht, vocational agriculture instructor, while the Hondo Chamber of Commerce submitted Hondo's bid. The only representatives from Hondo at the meeting were County Agent C. M. Merritt and Ferd Rock. Officers for the show and dates to be held will be set by Natalia at a later date. The city told the group that Natalia businessmen would underwrite expenses incurred in the annual event. Thirty-five men from Medina County attended the meeting at which a financial report on this year's show was submitted by LaCoste.

City To Study Flood Conditions

Hondo's city council met Wednesday night, and heard a request from 32 citizens who live on the north side of town. The group asked that the city have a survey made in order to determine what was causing flood conditions from ordinary rains, and also asked that something be done to relieve the situation if possible. T. C. Barnes, one of those present, said that the recent rain caused four inches of water to run under and around his home, and that it was the first time he had seen flood conditions at that point. Ernest Brucks stated that his home had not been endangered, but that he was having fences washed out by any hard rain. Others also told of their difficulties, ranging from stagnant, mosquito-breeding pools of water to the loss of chickens. W. T. Hardy, one of the councilmen, (See Flood, Page 4)

Baptists Schedule Revival April 10-17

Rev. George E. Stewart, pastor of the First Baptist Church of San Marcos, will be the speaker in a series of revival services to be held at the Hondo Baptist Church April 10 to April 17. The Sunday school will take a religious census in preparation for the meeting. Visitations will follow the census, and several cottage prayer services will be conducted in the community the week preceding the revival.

Now that annexation is complete, elections will be held to vote bonds for the proposed new high school and to set a uniform tax rate among the eight districts now comprising the Hondo Independent School District. But the Hondo Board of Trustees has decided to wait until after new trustees are elected on April 2 for the action to be taken. The new board is expected to call the election the week following the trustee election. Current tax rates in the eight districts vary from 10 cents at Murphy to \$1 in the Hondo district.

Property of the Murphy school has been transferred by the trustees to the Murphy Community Center. The action was taken by Harry Haby, Andrew Schweers and Emil Riff, trustees, last Thursday. The property includes one acre of land with all improvements, and will be used in the future for community socials, public gatherings, etc. Supervisors of the Community Center are Nick Riff, Victor Saathoff and Oscar Etter.

A uniform tax rate of \$1 is expected to be voted upon. Only two schools in the new district will be closed because of the annexation. The Live Oak and Longview districts have been maintaining schools for Latin American children, but these schools will be closed and the children brought into Hondo. A two-teacher school at New Fountain must be kept open as long as the district maintains a daily average attendance of twenty pupils. Other districts were not operating schools.

Devine School Council Elects

DEVINE — Officers of the Devine Student Council are Bobby Sansom, president; Josie Kunz, vice-president; and Margie Bohl, secretary. Class representatives on the council are Mary Jane DuBose and Ray Stephens, freshman; George W. Thompson and Carrie Nell Narvell, sophomore; Mary Grace Henson and Jerry Jones, junior; and Josie Kunz, Marvin Ehlinger, Bobby Sansom, and Margie Bohl, senior. Mrs. J. D. Klingeman is sponsor.

DON A. WINDROW MOVES TO HONDO WITH M. V. S. C. D.

Don A. Windrow has been assigned as Work Unit Conservationist by the soil conservation service to assist the Medina Valley Soil Conservation District. Windrow is moving to Hondo this week and will be on the job here. He comes from Crystal City where he has been working with the soil conservation service assisting the Winter Garden Soil Conservation District. Additional personnel will be added to the Hondo office in the near future, Hugo Mika, district conservationist, says.

INSIDE STORY OF THE ROLLED BALE

MORE LEAVES STAY ON THE STEM—The gentle way to bale. Saves more leaves, color and protein of hay. Leaves are rolled *inside*, where they can't escape. Less feeding waste.

SHOWER-RESISTANT BALES—Rolled bales shed water like a thatched roof. Less surface on the ground; they dry off faster after a rain.

PRICED FOR HOME OWNERSHIP—Do your own baling the hour your crop is ready.

HANDLES DOUBLE WINDROWS—Double windrows cure fast and make the best bales. Turns out more bales per hour.

Egg-Otistical

This New Hampshire cockerel is a little puffed up about the \$200.25 paid for him at auction at the Illinois Poultry Improvement Association Convention in Danville, Ill., as he struts before lower-bid colleagues. A relative of the Rhode Island Red, he was raised by Ralph Imhoff of Danville.

Department of Agriculture's WEEKLY SWING OF FARM MARKETS

Some weak spots appeared in mostly steady to strong southwest farm markets during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports. Sorghums lost 8 cents and a hundred pounds for the week, and yellow corn gained 1½ cents a bushel. Changes on other grains were confined to a cent or less. No. 2 yellow milo closed Monday at \$2.60 to \$2.65 at Texas common points. No. 2 yellow corn brought \$1.57 1/4 to \$1.59 1/4, white corn \$1.70 1/4 to \$1.73 1/4, and No. 1 wheat \$2.39 1/2 to \$2.45 1/2.

Unsettled conditions ruled feed markets, with some quotations higher and others lower on many of the same feeds. Easier undertones appeared at hay markets. Peanut prices held firm in the southwest.

Poultry sold firm to stronger in the southwest, while eggs held about steady. Fryers ranged from 30 to 33 cents a pound in Texas, Louisiana and Arkansas, and 30 to 36 at Denver. Heavy hens sold from 32 to 35 cents in North Texas, 24 to 36 at Denver, and 39 to 43 at New Orleans. Eggs brought mainly 35 to 40 cents a dozen.

Sheep advanced 50 cents to \$2 at the different markets. Medium to good trucked in woolled slaughter lambs brought \$26 to \$27.50 at Denver Monday. Oklahoma City moved good and choice old crop lambs at \$28. Fort Worth received choice spring lambs at \$28.50. San Antonio bought common and medium shorn Angora goats at \$8.50 to \$10.

Wool trading held to an extremely narrow range last week. Monday's hog prices showed

little change from a week earlier. Good and choice medium weight butchers sold mostly at \$21.75 to \$22.25 at Denver, \$21 to \$21.50 at Oklahoma City, \$20.50 to \$20.75 at Fort Worth, and \$20.75 at San Antonio. Sows moved generally from \$16 to \$17.50. Pigs gained \$1 at Oklahoma City to bring mostly \$20.50. Most southwest cattle sold unchanged to 50 cents higher for the week, though calves at Fort Worth and stocker calves at Denver lost up to \$1. Good stocker steer calves changed hands at \$28.50 at Denver Monday. Choice stocker yearlings and calves sold up to \$26 at Oklahoma City. Medium and good stocker calves went out at \$22 to \$26.50 at Fort Worth, \$24 to \$25.25 at San Antonio, and \$22 to \$25 at Houston.

Receipts of cattle, calves, hogs and sheep last week each fell slightly below the week before but greatly exceeded the same week last year at the 12 leading markets.

Chick Chatter

BY CLARENCE H. MUMME of

MUMME'S HATCHERY HONDO, TEXAS

OBSERVE CHICKS FOR TROUBLE SIGNS

Sometimes, it seems that a poultry-raiser needs two sets of eyes, plus a sharp nose to scent trouble. Chickens are so susceptible to disease that it is always possible for a flock to appear to be "sailing along" smoothly, whereas sickness and mortality may be just around the corner.

The wise, experienced poultry-raiser is ever on the alert for trouble. He learns to recognize the warning signs and to act promptly to turn aside the onslaught of disease.

Observe Chicks Regularly

In raising a brood of chicks, the poultryman should observe them regularly. He should check up on brooder heat, ventilation, and other conditions several times daily. The raiser should learn to look for such signs as huddling, piling, and picking. These tell that all is not well in the brooder, and conditions should be corrected at once.

Respiratory and digestive troubles are not only signs of

trouble, but constitute real threats in themselves. Watery eyes, congested nostrils, drowsiness, and other general symptoms of respiratory difficulty should be treated at once. General recommendations include elimination of drafts and adjustment of temperature, removal of damp, dirty litter, and disinfecting of fountains and feeders.

Use of a good poultry inhalant is recommended. This may be sprayed over the chicks, or preferably vaporized by means of an electric plate or similar heating device.

Digestive Symptoms

Digestive troubles may be indicated by appearance of diarrhea or pasting-up. The latter condition occurs when sticky droppings and white urates stick to the chicks' vent fluff and dry there.

Digestive upsets may be treated by seeing that the chicks are warm and dry, by feeding them properly, and by practicing good sanitation.

Well here 'tis the middle of March and I ain't seen no Lions yet. Shore would like to see some lambs tho' cause we'uns could use some fer to "lead to slaughter." If'n any of you fellows got some mutton sheep fer sale let old Esly know cause he's a goin to buy some—come that hot place 'er high water!!

I reckon as how you folks that like the best in meat can shore git it at the igloo this here week. E. L. Angermueller sold old Esly two of the purtiest fat calves you ever saw. He didn't have nothin' but corn and waw-hi-uh to feed them calves and they wouldn't eat waw-hi-uh so he fed um corn. Them five hogs I got from him was the same way. Course them 6 calves thet Raymond Boehle sold old Esly had only been fed a hundred days!-they ain't no good! No sir—they are plumb better!! Course I had the axe on Raymond Boehle cause I seen what that there magician pulled out from under Mr. Boehle's hat band tother night—Shucks I wish my hat was too big too—I reckon!!

Thet feller, E. E. Wilson ain't gonna let his cubbard go with out no clothes! No sir! He done had a calf and a Hog killed fer to make his dinner hour be more pleasant. His Brother gets thet hog tho I think. Shore was two good hunks of critters! L. W. Groff done brung in a dead calf fer us to cut up fer him and put in his locker. Course that calf wazn't daid afore he killed it so don't git me wrong—!

And folks— you all know that gassy man Cagle don't ya? Well he's thet guy that lets his fallen chest laugh fer him! He done come a Va-posing in here with the purtiest little brindle calf you ever did see! I reckon it's the brindle gravy he's after. Now he's shore gonna have some good meat along with that there gravy—And E. L. Brucks done rightly by his self too, when he had us put a quarter of beef in his locker—Course E. G. Rogers got a fair size chunk of steak fer a minimum price too—And thet feller Gram's has got a choice loin of beef aging in the cooler. He shore knows good meat and wants it at its best—aged beef is just like watermelon on June 'tnt—shore fine!

If this here moisture keeps a wettin' the ground I reckon I'll have to feed my old hen on the sidewalk—Shucks I throwed her out a grain of corn tother day and it hit on a nice soft, wet spot of ground—afore she could pick it up that grain of corn done sprung up to a full sized corn stalk with two roast-en-ears on it!! Wonder what if'n I'd throwed her a acorn?

Shucks, I done run out of ink—just when I was gonna tell a lie—goes to show I cain't!

Truthfully Yours,
Esly Moe

cilmen present, said that the city had first started plans for a drainage survey in September of last year, but that they had not been able to get a surveyor. However, by co-incidence, the council was talking over a survey project with a representative of the Alamo City Engineers, a firm from San Antonio. The engineer was present at the meeting, and also heard the stories of those who had been inconvenienced by flood water.

The council voted to authorize the Alamo City Engineers to conduct a preliminary survey this week, and to present an estimate of the cost of a complete survey at another council meeting next week. It was felt by those present that completion of the highway 90 project might relieve some of the trouble through a properly designed storm sewer running parallel with the road and emptying on the east side of town.

Quarantine Not Likely

DEVINE — Fishing fever has abated here to the point where no quarantine for out-of-towners will be necessary, but old-time observers are watching closely for a new outbreak.

Eleven fish were brought by last week's fishing party, mostly large drums, with every member bringing back at least one and some as many as three. Temple Adams reports that his line broke and "the big one got away."

H. E. Allen and Mr. Rowe fished over the weekend and Allen caught a thirty-pounder. Another party, composed of Mr. and Mrs. E. C. Graham, Mr. and Mrs. Martin Dickinson, Mr. and Mrs. John Maney of Natalia, and Mr. and Mrs. George Goffenett of San Antonio, ran into rough weather and reported only a small catch.

Nod Given City On Castro Airfield

CASTROVILLE — A recommendation that the airport at Castroville be turned over to the city without monetary consideration was made Saturday by Walter Stiles, airport disposal engineer.

In a report to the city council, Stiles stated that upon facts presented by the council, the recommendation was made that in the government's best interest, all of the properties sought by the city be conveyed to Castroville subject to conditions imposed by public law 289.

J. E. SPIVEY INJURED IN CAR WRECK AT DEVINE

DEVINE — The car driven by J. E. Spivey and a passing motorist collided Friday afternoon on Highway 81 and the first intersection south of the post-office. Spivey suffered a slight concussion and received a cut on his head that required sixteen stitches, as well as minor cuts on his hand and leg.

Local physicians attended him, and he is now resting at his home. His hand and leg were not injured.

DR. H. J. MEYER TAKEN TO SAN ANTONIO HOSPITAL
Dr. H. J. Meyer was taken to the Santa Rosa hospital in San Antonio Saturday where he will be under the care of a specialist. Mrs. Meyer is staying with the doctor who is reported to be resting well.

Thieves Break Into Devine Cafe

DEVINE — The Lunch Basket Cafe, operated by Mr. and Mrs. Harry Davis, was broken into Monday night and the loot included about \$10 in small change, thirty cartons of cigarettes, and three boxes of cigars.

The establishment was entered through the kitchen window. A butcher knife and fork were used to pry open the nickelodean where several dollars was obtained.

Two plates and forks were left on the counter of the business from which pie had been eaten.

The place had been wiped clean of fingerprints, and no clues have been discovered as yet.

Quarterly C. of C. Meet In Devine

DEVINE — The Devine Chapter of Commerce quarterly banquet was held Thursday evening, March 17, in the Methodist church annex with members and their wives as guests.

Judge Arthur H. Rothe, the first speaker, spoke on road building and told the group that Medina County will be near the top when other funds allotted are used up because of the start the county has.

Highway Patrol Sgt. Brewer, who was delayed because he had to apprehend a speeding motorist on her way to Pearsall, spoke at length on traffic problems.

Other guests included Mrs. Rothe and Sheriff and Mrs. Jack Fusselman.

Hondo Camp Fire Joiners Hold First Meeting Tuesday

Leadership School To Be Next Week

The Camp Fire Girls organization of Hondo had its official beginning Tuesday when 56 girls between the ages of 7 and 14 were present for their first meeting.

Organized in five groups, three of the 10 through 14 age group and two of the 7 through 9 age classification, the girls are being sponsored by the Hondo Business and Professional Womens Club.

Leaders of the older girls are Mrs. Bob DePuy and Miss Mary Ruth Cameron, with an enrollment of 14 in their group; Mrs. W. J. Smith and Mrs. C. A. Lehr, who have 10; and Mrs. Charles Larkin assisted by Miss Kay Laake with

an enrollment of 8. The younger girls, called "Bluebirds" have as their leaders Mrs. Vernon Roediger and Mrs. Jerry Smith supervising 13 youngsters, and Mrs. Ed. Cameron and Mrs. Walter Nester with 11. In addition to the leaders, each of the five groups will have three or more sponsors who may be parents or interested friends.

A field representative of the Campfire Girls, Miss Louise M. Fargher of Dallas, will be in Hondo for two days next week for a leadership school and to talk with interested parents.

Even though groups are supposed to have a maximum of twelve members, girls may still join the organization and new groups formed if additional leaders and sponsors can be obtained.

Tanda Camp Fire Girls

President of the Tanda Camp Fire Girls is Barbara Graff. Additional officers elected Tuesday afternoon are Patsy Smith, vice-president; Ann Eckhart, secretary; Patsy Lehr, treasurer; and Gean E. Cruse, reporter. Other members are Betty Ann Smith, Freda Brucks, Frances Goff, and Charlotte Norwood.

Mrs. W. J. Smith is the Tanda guardian, assisted by Mrs. C. A. Lehr. Sponsors are Mrs. Harley Eckhart and Mr. and Mrs. O. A. Fly.

D'hanis Students

Present Art Program

D'HANIS — The Fourth and Fifth Grades under the direction of Mrs. J. W. Rothe entertained members of the D'Hanis Parent-Teacher Association with a one-act play, "Father Has a Quiet Evening," at the regular meeting on March 15. Art pupils of Mrs. Jerome Zinsmeyer posed for representations of art masterpieces while interpretations were read to the audience. The art classes also exhibited their work of the year. Balloting by the audience proved the murals to be most popular of the various types of art exhibited. A prize was presented for recognition of art masterpieces reproduced in silhouette.

Mrs. Henry Nehr presided at the meeting. A committee to purchase a curtain for the stage in the auditorium was appointed as follows: Mrs. Amos Finger, Miss Carrie Langfield, Herman Ney, and Lee Conway. Hostesses for the evening, Mrs. M. A. Zinsmeyer, Mrs. Eric Rothe, and Mrs. H. A. Biry, served doughnuts and coffee during the social hour.

NEW VELVET DRAPERY TO BE PURCHASED BY ST. JOHN'S SOCIETY

The St. John's Altar Society met March 16 at the parish hall with Rev. Hubert Janak, twenty-eight members, and one new member present.

The metal tabernacle purchased by the society has been placed on the liturgical main altar. New velvet drapery will be purchased by the members to be placed on the panel directly behind the main altar.

A Day of Recollection for parish ladies is planned for April 3, and Father Janak asks that members set the day aside for prayer. Further details will be published in the parish bulletin.

Hostesses for the meeting were Mesdames Maurice Lutz, chairman, Milton Meecher, Joe Meyer, John Henry Meyer, and Henry Muennink.

JUSTIN JUNGMAN OBSERVES BIRTHDAY

CASTROVILLE — Mrs. Wilfred Jungman entertained her son Justin with a party on his tenth birthday on Sunday, March 20. The children played various games after which they enjoyed a delicious lunch of chicken salad sandwiches, corn chips, light and dark cake, and ice cream.

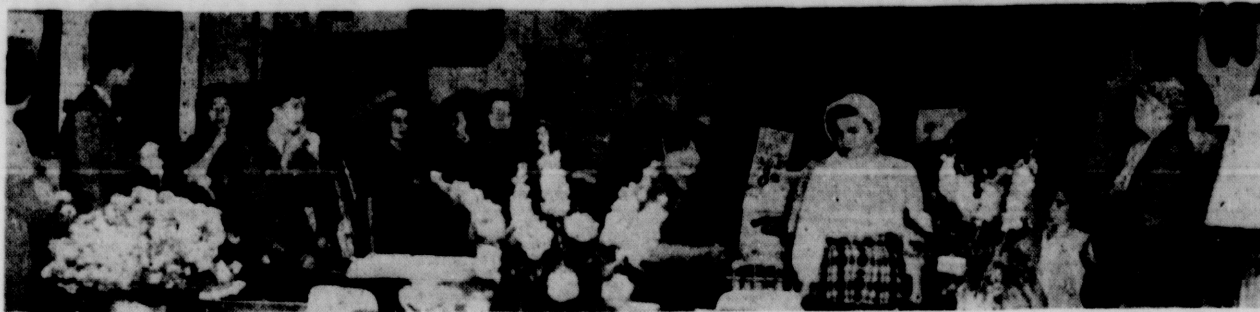

Those present were Mrs. Bertha Jungman and daughter, Gertrude, Mrs. Eugene Jungman and children Mary Louise, Barbara, and Vinson; Mr. and Mrs. Alex Jungman and sons Robert and Curtis; Mr. and Mrs. Ernest Adam and daughters Yvonne and Beverly; Frann Mangold; Garland, Rodney and Mary Elizabeth Tschirhart; Mrs. George J. Muennink of Hondo; Mrs. Rudolph Tschirhart and children, Ida Louise and Michael; and Lorraine, Jimmy, and Norman Jungman.

CURRENT EVENTS CLUB HAS WOMAN'S CLUB GUESTS

DEVINE — The members of the Current Events Club, the Medina Valley Woman's Club as their guests, had a St. Patrick party Thursday afternoon, Mar. 17, in the home of Mrs. A. E. Driscoll with Mrs. O. T. Baker as co-hostess.

Decorations, the afternoons program, and refreshments all carried out the Irish theme. Miss Eunice Mann of Devine and Miss Gilbert of Lytle each played piano solos, while Mrs. Hartley Howard played "When Irish Eyes Are Smiling" on her accordion. There were 45 guests present.

The Reason Hondo Was Crowded Saturday

The largest crowd yet to attend the formal opening of a business firm in Hondo streamed through the W. T. Hardy Furniture Company Saturday. More than 800 adults took time to

register, while many other children and adults were present but did not sign up. Shown above are two pictures taken Saturday afternoon in the front and in the rear of the store.

Yancey Pep Squad Honors Athletes

YANCEY — An athletic banquet honoring the Yancey Tigers for their achievement in athletics for the year was given Saturday night, March 12, in the Yancey High School Auditorium. The banquet was given by the pep squad under the direction of Mrs. Frank Hartman and Mrs. Bill McCutcheon.

The tables were placed in a square around the room, and in the middle was a small table with a miniature football field for a centerpiece. White candles were used for goal posts. Forming a T on the field were small dolls dressed in pep squad uniforms.

School colors of green and gold and pennants, athletic equipment, and trophies carried out the theme in the decoration of the hall as well as the tables.

Rev. W. W. Wooley, former pastor of the Yancey Baptist Church, was the principal speaker of the evening. Supt. W. H. Taylor and Coach Bill McCutcheon presented jackets to the boys. After the banquet young people enjoyed dancing at the home of Mr. and Mrs. John Faseler.

DEVINE GIRLS APPEAR ON MUSICAL PROGRAM

DEVINE — Mrs. S. R. Malone was hostess Saturday afternoon to the Steinfeldt Music Club, of which Miss Minnie Briscoe is teacher and sponsor.

Appearing on the program were Verlene Vance, La Trelle Taylor, Linda McAllister, Beth Ann Robertson, Mary Jo Watson, Eunice Mann, Billie Ruth Sollock, Ora Lee and Charlene Bippert, Helen Bain Martin, Stephanie Malone, Gladys Bain, Jacqueline and Norma Kay Tilley, Janice and Alta Fay Lilly. A social hour followed the program, and the hostess served ice cream and cookies.

Notice To Reporters Of All Clubs And Organizations

You can make it possible for news to be printed about regular meetings of your club or organization if you will mail the write-up, bring it by, or phone it in not later than two days after the meeting takes place.

Frequently we receive reports on Wednesday evening about meetings which took place ten days before and it is often impossible to get the notice in the paper due to limitations on space and paper.

If we get the write up of a Thursday meeting on Friday or Saturday, we can get it set up in type and ready to print—but not if it comes in on Wednesday, along with the last minute and front page news.

No matter when your meeting takes place, please send in the report right after it happens. Do not hold it until Wednesday or Thursday morning, because we can't get it in the paper if it is held for ten days and then submitted.

Observing Rules Is 'Must' When Home Cooks Make Dishes of Cheese, Eggs

IF YOU'RE BUSY juggling menus for Lent or simply trying to add variety to your meals, then there's concrete help in today's column of recipes. Cheese, eggs and fish are favorite foods right now, and it's a wise idea to know how to bring out the best in each food.

All these foods, cheese, eggs and fish are economical, which may be an incentive for you to give them more than a passing thought. However, they're also foods which are highly nourishing. All three contain high quality protein which you need for building and repairing tissue.

Aside from other vitamins, cheese furnishes calcium and riboflavin. Eggs supply vitamin A and riboflavin as well as iron. For these reasons, both foods should be included in the daily diet.

THERE ARE MANY schools of thought on how omelets should be made, but the main thing is to have them light.

A light touch is necessary in putting together an omelet and it should be cooked until just done, then served at once. The omelet

A flavor triumph is this new way with omelet which uses broccoli in the fold and is served with a delightful cheese sauce. There's nourishment aplenty in this cheese, egg and vegetable combination as well as variety for your menu plans.

recipe given here uses one of the season's most delicious green vegetables and is made even more appealing with cheese sauce. Serve it with a vegetable juice cocktail, hot rolls and relishes and a simple fruit dessert, and you have a meal you'll be proud to serve anyone.

Broccoli Omelet (Serves 6)

- 6 eggs
- 6 tablespoons milk
- 1/4 teaspoon salt
- 1 tablespoon butter
- 1 cup hot, chopped steamed broccoli
- 1/2 pound American cheddar cheese
- 1/2 cup milk
- Whole heads of cooked broccoli.

Beat the egg yolks until light. Add the milk and salt, then fold in stiffly beaten egg whites. Pour into a skillet in which butter has been melted. Cook slowly until puffed and lightly browned on the under side. Place in a slow (300°) oven for a few minutes to dry the top. Spread half of the omelet with hot, chopped broccoli, fold the other half over it and turn onto a platter.

Melt cheese in top of double boiler. Add the milk, stirring constantly until sauce is smooth. Garnish the omelet with whole heads of hot, cooked broccoli and serve with hot cheese sauce.

YOU'LL FIND THESE supper rolls quick to fix, and an excellent, nourishing way to solve a meal problem:

Lenten Supper Rolls (Serves 6-8)

- 1 pound grated American cheese
 - Small bottle of stuffed olives
 - 1/2 cup butter or substitute
 - 1/2 cup finely chopped green pepper
 - 1/2 cup minced onion
 - 1 (8-ounce) can tomato sauce
 - 8 hard rolls
- Mix cheese, sliced olives, butter, green pepper and onion. Blend in canned tomato sauce. Cut off ends of rolls and hollow them out. Butter insides of crust and stuff with cheese filling. Replace ends of rolls and wrap each roll in waxed paper, twisting ends to hold paper tight.

LYNN SAYS: Here are Facts About Yeast Breads

It's important to use all-purpose flour in making bread and rolls with yeast because this contains gluten. Cake flours are short on gluten and do not make good bread with yeast.

When the temperature goes higher than 88°, the heat may easily kill the action of the yeast.

LYNN CHAMBERS' MENU

- *Lenten Baked Beans
- Molded Fruit Salad
- Cloverleaf Rolls
- Chocolate Cake with Caramel Icing
- Beverage
- *Recipe Given

Bake in a slow (250° to 300°) for 30-35 minutes.

Here's another quickie for a meatless luncheon or supper dish:

Lenten Brolls (Serves 3-4)

- 1 tablespoon butter
- 1 tablespoon flour
- 1/2 cup canned tomato sauce
- Salt and pepper
- 1/2 cup grated American cheese
- 1 cup flaked tuna fish
- 1/2 teaspoon tabasco sauce

Melt butter, remove from range, stir in flour to make a paste. Add canned tomato sauce gradually, stirring until smooth. Cook until thickened, stirring constantly. Add remaining ingredients and blend. Spread on slices of bread and place under broiler until golden brown and bubbly. Garnish with a sprig of watercress.

CHEESE AND POTATOES are two foods that combine naturally to make a pleasing flavorsome dish. This soufflé may be baked in individual dishes or in one large casserole.

For a meatless meal, serve it with asparagus tips in drawn butter sauce, minted carrots and creamed onions. It may also be served very nicely with a roast leg of lamb in place of au gratin potatoes.

Potato and Cheese Soufflé (Serves 6)

- 1 tablespoon butter
- 1 tablespoon flour
- 1/2 cup milk
- 1 cup grated or shredded cheese
- 1 tablespoon grated onion
- 1/2 teaspoon salt
- Dash of pepper
- 2 cups ricied potatoes
- 3 egg yolks
- 3 egg whites

Melt butter, add flour and blend. Add milk and cook, stirring constantly, until thick. Add cheese and seasonings and cook over very low heat until cheese is melted. Add potatoes and well beaten egg yolks. Fold in stiffly beaten whites. Turn into a large or into individual cas-

seroles which have been buttered, and bake in a moderately (325°) slow oven for 40 to 60 minutes.

BAKED BEANS, prepared as they are in the following recipe, are tasty and filling, guaranteed to take the edge off sharp appetites.

*Lenten Baked Beans (Serves 4-6)

- 1/2 cup minced onion
- 1 1/2 cups minced green pepper
- 4 tablespoons fat or salad oil
- 4 cups cooked or canned baked beans
- 1/2 cup chili sauce
- 1/2 cup grated American cheese
- 1/2 cup buttered bread crumbs

Saute onion and green pepper in fat until tender. Add beans and arrange in a greased casserole, alternating layers of the beans with cheese. Top with crumbs. Bake in a hot (400°) oven for 30 minutes.

When you ready the dough for rising, grease the top of it lightly with butter, fat or salad oil, and cover with a clean towel.

Light greasing helps prevent a crust from forming on the dough. The towel prevents dust from coming in contact with the bread.

Bread and rolls should be removed from their pans immediately after baking so they will not steam and become soggy.

If you like a soft crust on rolls, brush them with melted butter as soon as you finish baking.

COW SHEDS

Milk production takes a licking during bad weather because many herds do not have adequate shelter protection. A simple two- or three-sided shed will do the job in most cases, and your cows will pay for them in a year or two.

Lions Play Oilers March 30 at 3:30

Benefit For Lions Club Welfare Fund

One of the top games of the 1949 baseball season for Hondo will be played Wednesday afternoon, March 30, when the Hondo Lions and Odessa Oilers meet at the high school diamond at 3:30. The Oilers were scheduled to meet the Castroville Indians Sunday, but the game was cancelled. Martin Diaz, a Hondo boy who now calls Three Rivers his home, has been selected by Manager Al Monchak for part of the Oilers' pitching duties. Other starters have not been chosen. Both the Odessa team and the Lions have been continuing their practice this week while taking advantage of the good training weather. Twenty-six players have now arrived in the Odessa spring training camp along with Monchak, President A. D. Ensy, and Scout M. T. Woodward. Because Monchak was delayed several days in arriving, Dave Sarver first sacker for the Austin Pioneers, has been assisting in the training. Under league rules, the Oilers must have seven rookies on the squad and are allowed not over seven limited service players — those who have less than three years professional experience. The club can also have two class men — those with more than three years professional experience. Monchak has been working out eleven moundsmen. Edward Conniff, Jesse Grimes and Roy Knobloch all have had previous experience with the Odessa club. Other hopefuls are Joe Embrey of Hondo, Howard Hesse, Elmo Gage, Tony Rosati, Ed Robinson, Ray Riley, Robert Brown, and Diaz. Behind the plate are Robert Doe, Harold Cobb and Jim Cordoni. At first are Herbert Dunn and Wayne Batson; second, Monchak and Wayne Cullum; third, Albert Hansen and Johnny Howell; short, Johnny Marshall and Ralph Brown; fielders, Alfred Elkins and Dick Bamon. Admission to the game Wednesday will be 50 cents for adults and 25 cents for children. Tickets may be bought from members of the Lions Club, at the Chamber of Commerce or the Anvil Herald office. Proceeds will go to the Lions Club welfare fund. Manager Bill Wood of the Hondo Lions lists the tentative starting lineup as: T. Finger, cf; Mangold, lf; H. Finger, ss; Sadler, 1b; Zerr, 2b; Brucks, rf; Schuele, c; Golden, 3b; Wood or Koch, p.

Two Baseball Games Set For Pleasanton Park

Two professional baseball games will be played at Pleasanton's Legion Memorial Park this week. A pair of Texas League teams, the San Antonio Missions and Beaumont Exporters, will clash Saturday night, March 26, at 8 p'clock. The Austin Pioneers of the Big State League, who have their spring training headquarters in Pleasanton, will meet the Milwaukee Brewers of the American Association Wednesday night, March 30, at 8. The baseball field, located between Pleasanton and Jourdan-ton, was built last season, and is considered among the best in South Texas. The park is lighted from lights obtained from the old Mission stadium. The well-sodded diamond is enclosed by a board fence, and the grandstand seats 2,000 spectators. The games will benefit the Pleasanton American Legion. Admission is 75 cents for adults and 25 cents for children, tax included.

Owls Schedule New Braunfels, D'Hanis Pirates

Coach Tom Bridge's Hondo Owls get down to serious work this week as they meet the D'Hanis Pirates of the Highway 90 League Saturday and the New Braunfels High School squad Monday. Both encounters will be played away from home. Bridges is still undecided about pitching duties for the D'Hanis game, but other tentative starters are Hilmer Mueller, catcher; James Schulte, first; Bud Woods, second; Johnny Short, third; Joe Alderete, short stop; and Roy Meyer, Wilbur Bohmfalk and Dick McWilliams, fielders. Raymond Heiligman, who plays in the outfield, will probably miss the games because of an injured finger received in practice this week. The Owls split in two practice tilts this week, losing to Edison and beating Castroville.

Martin Fans 47 In Three Games

YANCEY — The Yancey school baseball team played their first game of the season here Friday afternoon and turned back the Utopia nine 11-6. Homer Martin fanned nineteen batters, besting his performance of fanning eleven against Devine in a practice game last week. Playing on the Yancey team were Wilbur Wilson, catcher; Robert Bohmfalk, first; Oliver Martin, second; Larry Evans, third; Johnnie Faseler, shortstop; and Tony Kempf, Bobby Heiligman, Gordon Ward and David Bomba, fielders. The Yancey team also defeated Bandera Tuesday afternoon 7-1. Martin fanned seventeen. The Yancey "A" Volleyball team defeated Bandera two out of three games and the "B" team beat Bandera two straight the same afternoon.

Highway 90 Managers Vote 5-4 To Reject Uvalde Team

The application of Uvalde to join the Highway 90 League to fill the vacancy created when Sabinal withdrew was rejected last week by a 5-4 vote of the managers. Voting to approve the Uvalde request were managers from Hondo, Utopia, Quihi and D'Hanis. Rejecting the bid were managers from LaCoste, Castroville, Macdonna, Devine, and Rio Medina. Last year the League operated as a ten-team organization, but with the withdrawal of Sabinal from League play, only nine teams will compete this year. Teams will have an open date on their schedules on Sundays on which they played Sabinal last year. In asking for admittance to the Highway 90 League, Uvalde sportsmen who were promoting the team said that they have a good ball park with bleachers already erected, and that the field

was enclosed with a fence so that admissions could be charged at the gate. Gilly Davis, coach at Uvalde Junior College, was one of the Uvaldeans helping to organize the baseball team. Others were Hays Cavender and Albert Ray.

Pirates To Play Owls, St. Marys In Weekend Games

D'HANIS — (Spl) — Rained out in their scheduled clash with the Castroville Indians last Sunday, the D'Hanis Pirates will get back in action with a pair of baseball games over the weekend. Saturday at 3:30 p. m., the D'Hanis nine will play host to the Hondo High School Owls in Pirate Stadium, and at 3 p. m. Sunday, they will entertain the St. Mary's University Rattlers of San Antonio on the same diamond. Righthander Jack Zinsmeyer will probably draw the pitching assignment against the Owls with Joe Dubray behind the plate. In the Sunday engagement with the Rattlers, Homer Nester will be on the mound with Ep Finger and Harold Nester held in reserve. Brother Bill Siemer, coach of the St. Mary's nine, will counter with Al Sturchio, fastball chucker who was a wheelhorse on the Rattler slab staff last year. Either Ken Huedepohl or Frank Manupelli will catch for the San Antonians. There is a possibility that Joe Keefe, who caught for St. Mary's University and D'Hanis last year, will join D'Hanis for the two weekend tilts. Keefe, is expected to arrive at Brooke Army Medical Center during the week where he will be stationed with the Army. Intermittent showers Sunday forced the cancellation of the D'Hanis-Castroville game, and the two clubs won't meet until the Highway 90 League season gets underway. **NICKIE STEWART HURTS FOOT IN TRACK PRACTICE** **DEVINE** — Nickie Stewart received a foot injury while practicing for track and is walking on crutches. **CARD OF THANKS** We wish to express our most sincere thanks to all Hondo Merchants and persons who donated suits and other equipment to organize the Hondo Bears Baseball Club. Your cooperation and mutual help has given Hondo a baseball team, which will try to do its best to give Hondo a name in sports. **HONDO BEARS BASEBALL CLUB** (1tp39)

Edgar Rieber Elected As VFW Commander

Edgar Rieber was elected commander of the Medina Post 3891, Veterans of Foreign Wars, at the regular meeting Tuesday night. Rieber, a veteran of the first World War, has been serving as chaplain for several years, and succeeds William E. Berger as commander. He will be installed at a meeting in April, along with the rest of the new officers. Several of the men selected by the nominating committee declined the nomination, and others were nominated from the floor and elected Tuesday night. C. A. Haas was named quartermaster, Jake Weynand was picked for senior vice-commander, while Floyd (Cody) Tomerlin was elected junior vice-commander. Hugo Saathoff will be chaplain next year. Re-elected were James Amberson, post advocate and John Henry Rieber, post surgeon. W. E. Berger, Guido Richter and R. C. Bless were named as trustees. Five new members were officially taken into the post, including Lawrence Rothe, Weldon Weynand, Gerhart Weynand, Menno Hamm, and Lawrence Huser.

Paullie Mueller Signs Tallassee Contract

Paullie Mueller, who graduated from Hondo High School last year, has signed a contract with the Tallahassee baseball club. Mueller left Saturday for the team's training camp at Albany, Ga. **LACOSTE BEATS SOMERSET FOR 1ST CONFERENCE WIN** **LACOSTE** — The LaCoste Eagles defeated Somerset High 8-5 last Friday afternoon for their first conference victory. Burleigh Redus and Marion Jungman pitched for the winners.

Natalia Falls 14-5 To D'Hanis Cowboys

D'HANIS — Coach J. M. Slavik's D'Hanis Cowboys opened their conference baseball schedule Friday with a 14-5 victory over Natalia. Wearing new uniforms donated by various business houses, the Cowboys ran roughshod over the Natalia nine. Pacing the Cowboy attack were Hugh Wolff and Hilary Huser who collected three walks and two hits apiece, and Matt Koch and I. D. Schultz who were credited with two hits. Other games on the D'Hanis schedule are: April 1 Utopia at D'Hanis; April 5 Bandera at D'Hanis; April 8 Yancey at Yancey; April 14 Natalia at D'Hanis; April 19 LaCoste at LaCoste; April 22 Somerset at D'Hanis; April 29 Utopia at Utopia; May 3 Bandera at Bandera; May 6 Yancey at D'Hanis; May 10 Castroville at Castroville; May 17 Castroville at D'Hanis.

Bears Open Season With New Braunfels

The Hondo Bears will travel to New Braunfels Sunday where the team will play their first game. "A good contest is expected and the team expects to see a good crowd from Hondo at the game," G. R. Canales said.

Legislator Requests District's Opinions

BY LLOYD M. BENTSEN, JR.
Congressman, 15th District

It is my belief that to best represent the people of our District and to best reflect your views in my voting on legislation here in Washington, I must keep in close touch with you. I subscribe to and read this excellent newspaper and appreciate their helping keep you in touch with what your Congressman is doing by carrying this column.

I invite your letters and your visits. But only a small percentage of our people write their Congressman to express their views on legislation. So, I am taking a poll of citizens like you to obtain a cross section of the views of my constituents.

May I say that I realize that my views and votes on major issues may not always be in accordance with your opinions? But I want you to know, however, that every vote I cast will be after careful study on my part and after as much consultation as possible with you in the district. My vote will be cast in the way that I think is best for the district and best for the welfare of these United States.

Being a Democrat, I like to vote with our party. But, I am not a "rubber stamp" congressman and when I think legislative measures sponsored by the Democratic party are wrong, I will vote against them.

I believe that legislative matters facing our country today are even more important than those during the war and that you should take an active interest in your nation's welfare by keeping your Congressman informed of your opinions on these matters.

If you have no opinion on the particular subject, do not answer the question.

1. How would you vote on the Taft-Hartley Law? Repeat Amend. Leave it alone

2. Federal Legislation on the Following Measures:

- | | Favor | Oppose |
|--|-------|--------|
| 1. Anti Poll Tax Law | | |
| 2. F. E. P. C. | | |
| 3. Do you favor legislation giving federal aid to schools? | Yes | No |
| 4. Do you favor the government providing medical and dental service to all citizens by taxes? | | |
| 5. Do you favor the Hoover Reorganization Plan? | | |
| 6. Do you favor legislation to provide rural telephones by loans to private enterprise and cooperatives? | | |
| 7. Do you favor legislation providing pensions of \$90 per month for veterans of World Wars I and II when they become 65 years of age? | | |
| 8. Do you believe that the federal minimum wage fixed by law should be raised to 75c per hour? | | |

If you answer the above question "yes" then do you think farm labor and seasonal plant labor which are now excluded from minimum wage laws should be included?

- | | | |
|---|--|--|
| 9. Do you favor repeal of the Federal tax on oleomargarine? | | |

If a housewife, then give your husband's occupation. Please enclose an additional page if you have any comments on the above questionnaire and any suggestions which might aid me in giving better service as your Congressman. Will you please return this questionnaire to Lloyd M. Bentsen, Jr., M. C., House Office Building, Washington, D. C.

In voting on legislation in the House, a roll call is often requested and the Representative votes as his name is called. It is a long, boring procedure. The other day there was a roll call and when they finally reached my name I sounded off "aye." A few minutes later to my surprise my name was called again. I once more voted "aye." Later I found that the first name I heard was Vinson not Bentsen, that I had voted for the distinguished Representative from Georgia, besides for myself. (The House majority leader laughingly told me that we Texans have been said to vote twice in Texas but that it wasn't the custom here. Strange customs, these Yankees!)

VISITORS THIS WEEK

Among the visitors in the House this week from home was Sam Lanham of Hondo.

Vaccination Urged By Health Officer

With the appearance of an unusual number of smallpox cases during the past week, Dr. George W. Cox, state health officer, has issued a warning that this dangerous, disfiguring and often fatal disease can once again become a widespread health problem unless vaccination is used to protect the public against it.

Four cases of smallpox were reported from one county, and while that number may not seem great, it is nevertheless the same total as was reported for the whole state during the entire year of 1948.

Dr. Cox urged all parents to see that their children have been properly vaccinated, and if there is doubt about the immunity still being in effect they should be given another vaccination. If they are immune, the vaccination will not "take", but if it does take, then the immunity was low and the vaccination was needed for their protection. "This same thing applies to adults," Dr. Cox said. "Check and be sure that your immunity is established, as well as that of your children", he advised parents.

SABINAL CLUBS JOIN IN CLEAN UP CAMPAIGN

Fourteen Sabinal civic organizations will join forces for the annual clean up campaign on March 24.

The town has been divided into areas with each of the organizations responsible for a particular section.

BANDERA APPROVES RIGHT OF WAY FOR NEW F.M. ROAD

The Bandera Commissioners Court last week voted to furnish right of way for a farm to market road extension from Tarpley to Utopia.

The action was in accordance with the 7.5 mile stretch requested by the State Highway Department, and the Public Roads Administration must still give its approval before work is started.

MAIL CARRIER SERVICE DUE FOR FREDERICKSBURG

Carrier service of U. S. Mail to all parts of Fredericksburg is likely within the near future, but no approval has been received.

The city has met the necessary requisites of erecting an electric light and post in each block and built traversable sidewalks within the area to be served.

TERRELL TO VOTE ON DOG REGISTRATION LAW

The Terrell County Commissioners Court has called an election to see if a majority of

citizens favor imposing a tax and registration on dogs in the county.

The action was taken after a petition bearing 106 signatures was presented to the court. Stockmen reported that stray dogs often became killers, and the registration of the animals might help protect sheep.

WAEGLER LIBRARY GETS SUPPORT FROM CITIZENS

Being a town of only 1,000 population isn't keeping Waelder from having a public library.

A community drive for funds has been started and sufficient contributions have been received to guarantee that the library will be open Saturdays.

Here in Hondo

Last week Mr. and Mrs. Glenn Gooding and Miss Alice Mumme went to Lafayette, La. They were helping to move the R. L. Chandlers to Lafayette, where he will work in his brother's jewelry store. In Louisiana they saw the beautiful azalias in full bloom, and on the return trip Mr. and Mrs. Gooding visited friends and relatives in Liberty.

Miss Kathlyn Brucks of San Antonio spent the weekend with her parents, Mr. and Mrs. Ernest Brucks. She had as her guests her cousin, Miss Barbara Lehmborg, and Miss Janice Barnes, both of San Antonio.

Headlines & Footnotes Of YESTERYEAR

TEN YEARS AGO

Sheriff Chas. J. Schuehle brought "Snake" Parker back from Mexico after a year and a half of waiting. Parker was wanted for the fatal stabbing of Roy Embrey in Hondo on Nov. 18, 1937. The sheriff received the first extradition of a fugitive from justice from Mexico since 1905 and the end of the C. P. Diaz regime.

Marvin Grell and Miss Lillian Koehring became Mr. and Mrs. Dr. and Mrs. W. H. Smith had their first grandson.

The Castrovilla Fire Department, just one year old, had answered two calls with their new truck.

Clinton Hartung was in top shape when he allowed, as pitcher of the Owls, only one hit for the Austin High club.

Robert Graff and Miss Melanie Grube became husband and wife. Wood Cameron and Miss Evelyn Jones were married.

With the A. E. F., Emil Bohmalk wrote that he expected to be coming home soon.

Aug. Weynand received his

honorable discharge from the armed services.

Willie T. Crow "sailed" into Hondo, to surprise his relatives on being home from the navy.

FORTY YEARS AGO

Among the students listed on the roll of honor at Longview school were Alex Wendland, Hugo Batot, Guido Richter, and Jerry Smith.

The Castrovilla Quill was entering its ninth year of publication and still growing.

Twenty-one births were listed for the month of February, 1909, in Medina County.

TO ALL CITIZENS OF HONDO AND THE ADJACENT SCHOOL DISTRICTS

We wish to express our thanks for the interest shown by the voters in the annexation election.

With a 500 vote for and a 159 vote against we feel that we have a large majority backing us in the project so necessary and so beneficial to our community.

We regret having even the 159 against, but feel that as time goes on most of these will help us to make a success of the entire project and that they will be able to see the benefit the community will eventually derive from it.

We hope you will give us the same splendid cooperation on the uniform tax election and the bond election which are essential for the completion of our plans for a better, a more adequate and a more modern education for all of our children or grandchildren.

Classified Ads Are A Quick, Easy Way To

Raise Money To Pay Income Taxes

Take a look through your attic, garage, closets and other storage places. See any items which are still in good condition, but which you know you will never use again?

Baby furniture, cameras, sporting goods, tools . . . these and many other things can be sold quickly and economically by a low cost classified ad in The Anvil Herald.

The following tips will help you get the best results—

1—Full description arouses interest. Do not try to save too many words. Brief description often fails to give the selling points, and saving 9c on the ad may cost you the sale of a five thousand dollar house. When possible, always give the price. The customer is going to ask you before he buys it—tell him so he will know whether or not he can afford it.

2—Make it easy for the prospect to contact you. Always give NAME, ADDRESS and PHONE NUMBER, if you have one. In the case of telephone numbers, give best hour to reach you. You may think "everyone knows" how to find you, but there are 20,000 people in Medina County.

3—Don't expect to always secure results with one or two insertions of the ad. A four week order is best

and cheapest. You can always stop the ad after the first week, and we will refund your money, based on the one time price. If the ad runs two weeks, you will get a refund of the difference between the two week price and the four week price. You can't lose.

4—Mail or bring in your ad several days before you wish to have it run. This insures getting it in the proper place, and our staff will help you in writing your ad if you desire.

5—Word your classified ad to definitely draw the attention and interest of the readers. Too much brevity, lack of necessary information or description, mystery about cost or price may cut short the reader's interest. Make your own ad read the way you like to see other ads.

Democrats in Accord

HOUSE G.O.P. leader Joe Martin has been tipped off that southern and northern Democrats finally have come to terms on civil rights. The compromise apparently was reached during backstage bargaining between leaders of the two Democratic blocs.

The ex-speaker relayed his report with great interest to other G.O.P. leaders at the Republican round table. This is a table in the house restaurant where Republicans gather for lunch and which serves as a sort of G.O.P. command post. Martin didn't reveal his sources, but southern congressmen have long been close to him, and Joe's inside intelligence on Democratic goings-on has usually been devastatingly accurate.

Terms of the all-important civil-rights agreement, Martin reported, are as follows: both sides agreed to an anti-lynch bill, anti-poll tax bill, 60-cent-per-hour minimum wage, and modifications of the Taft-Hartley law.

These are crucial and important compromises on the part of conservative southerners, but they have served notice this is the furthest they will go. They will not, for instance, accept the dynamite-laden fair employment practices bill, which will be quietly side-tracked in the house. But they will support the rest of President Truman's fair deal.

This backstage compromise, however, is nothing more than a quiet Yalta agreement among the leaders, Joe Martin pointed out. It can't possibly be binding on all the rank-and-file Democrats, and many congressmen on both sides will vote the dictates of their own consciences.

Ham And Eggs — \$25

M. Andre Picard, originator of the French gratitude train idea, was seated in a restaurant in Akron, O., eating breakfast. He had been hospitably and graciously entertained by various cities across the country, and he suggested that it was time he paid some of the bills himself.

Picard explained that he had exchanged some francs into dollars in New York, and pulled out a hundred dollar bill to prove it.

Frank Douglas, French-speaking secretary of A. F. Whitney, president of the Brotherhood of Railroad Trainmen, had been loaned to Picard to help him across the U.S.A. He said: "We don't like visitors to pay for things in our country. Besides, that \$100 bill looks like it was counterfeit."

Picard, however, insisted; finally was told he could pay for his breakfast. Subsequently, the waitress, tipped off in advance, brought Picard a check for ham and eggs—\$25.

M. Picard looked at the check, but did not wince. He did ask how much American workmen made per week, then he took his check and his \$100 bill to the cashier.

The cashier, also tipped off in advance, held the \$100 bill up to the light and said: "I'm sorry but this bill is counterfeit. I'll have to call the police."

French Will Remember

M. Picard and part of the French gratitude train committee, sailed for France, after one of the most inspiring trips across the U.S.A. ever experienced by any foreigners. They have come to know this country even better than many Americans. And they have also come to love it. Here are some of the things they will long remember:

How the American railroads not only hauled the gratitude train free, but were even thoughtful enough to put French-speaking personnel on most of the trains . . . the 120-piece high-school band at Elkhart, Ind.—musical instrument center of the world . . . the popularity of Governor Paul Dever in Boston . . . the tremendous parade staged by Mayor Joe Smith in Oakland, Calif. . . the way Mayor Al Feeney of Indianapolis matched his clothes with his complexion . . . the patience of Maryland's Governor Preston Lane in waiting in the cold for the late arrival of the train in Baltimore.

Of German descent, Helne put on one of the warmest of all welcomes for the French . . . the courtesy of Governor Earl Warren in traveling the length of California to welcome the gratitude train . . . the discourtesy of Governor Alfred Driscoll of New Jersey in not being willing to get up at 9 a.m. to be on hand.

The warmth of Mayor Heck Ross's welcome on one of the coldest of Des Moines days . . . Governor Tom Mabry's broad-brimmed New Mexican hat . . . the fact that two Italo-American mayors — Mike di Salle of Toledo and Tom D'Alessandro of Baltimore—gave the French one of their finest welcomes. (It was only a short time ago that Italy and France were locked in mortal combat.)

**New Biological Experiment
Makes Possible Registered
Cattle From Scrub Animals**

Results of a dramatic and revolutionary biological experiment, an ova transplantation project designed to enable ordinary scrub cattle to give birth to registered, high quality animals, were disclosed today by Dr. Harold Vagtborg, Director of the Foundation of Applied Research and President of the affiliated Southwest Research Institute.

In making public results of the experiment to date, Dr. Vagtborg simultaneously announced a national conference on ova transplantation to be held at the Foundation on April 14, at which all phases of work in egg transfer and superovulation techniques will be discussed by biologists, embryologists and geneticists interested in this comparatively new field.

The Foundation's project, under the direction of Raymond Umbaugh, research associate in biology for the non-profit scientific organization, covered a period of seven years and involved the use of more than 750 head of cattle, Dr. Vagtborg said. At its present stage, the experiment has yielded pregnancies—although not yet brought calves—in scrub stock host cows through transfer of fertilized eggs from donor cows into the animals' reproductive tracts.

Implications of the effect of the egg transfer method developed by Umbaugh were almost beyond imagination, Vagtborg asserted.

"By this means," he pointed out, "it would be possible to convert all cattle herds into registered stock of the finest quality in a single generation. Since high quality animals eat very little more, if any, than scrub stock, there would be no need for people who own cattle to have anything less than the finest types.

"It is entirely possible, also, that the same process could be applied to horses, goats, sheep and hogs, if such proves feasible. We have recently inaugurated an equine ova transfer program which appears promising in its early stages.

"The world food factor," the Foundation director continued, "brings this egg transfer development into sharp focus. Enormously greater production of all types of beef cattle should be possible. Increased volume of high grade milk is another consideration. The average butter fat production per cow in the United States is roughly 160 pounds a year. With ova transplantation producing high quality cattle in greater volume, this could be increased substantially in the direction of the 450 pounds of butter fat now obtained annually from fine dairy cattle."

In conclusion, Dr. Vagtborg stated that the ova transplantation techniques in no way injured the animals involved, or impaired their health or quality in any manner. He added that in his opinion, the perfection of these techniques would provide a valuable new tool for the task of satisfying world food needs.

Devine, D'Hanis F.F.A. Chapters In State Contest

Boys from two Medina County Future Farmers of America chapters will be among the 800 high school agricultural students for the annual invitational F. F. A. leadership contests in Huntsville on March 26.

Representing area 10, the Devine greenhand boys will participate in the chapter conducting contest with sixteen other chapters, and the D'Hanis greenhand team will compete as alternate in the F. F. A. quiz event with thirteen other chapters.

The contests are sponsored by the Sam Houston State collegiate FFA chapter, and will have contestants who won first and second

places in ten area contests. In addition to the FFA quiz and chapter conducting events, a farm skill demonstration will be held.

Faculty and graduate students of the Sam Houston State agriculture department, acting as judges, will award 30 banners to the state winners. The first five schools placing in each event will be awarded the pennants.

Visitors from the state vocational agriculture staff, representatives of the collegiate FFA chapter of Texas A&I college at Kingsville and State FFA President Jimmy Darling of Abilene are due to be present.

Ask P.T.A. Help To Encourage Driving Courses

A plea to parent-teacher associations to encourage a course in high school driver training in every major city and town in Texas next semester was made today by W. A. "Cap" Williamson, San Antonio legislator.

Started in 1943, high school driver training in 1948 was taught in 350 schools where credits were given, and in an additional 236 schools which granted no credit, a total of 586 schools.

Training of youths of high school age in theory of safe driving and actual driving experience has the approval of the Texas Congress of Parents and Teachers, the Texas Safety Association, the Department of Public Safety, and other groups.

During 1948, 13 courses in driver education and training were offered by the state at widely scattered colleges and universities. In these courses certificates were awarded 282 teachers and 143 prospective teachers. Thus, teachers themselves are trained before attempting to instruct students on how to drive a car.

First Place Winner In Essay Contest--- 'Hondo Needs A Recreational Unit'

(Editor's Note: The following essay, written by Faye Balzen, was awarded first prize in the Junior Chamber of Commerce's essay contest for students of the senior class on "What Hondo Needs." Other essays will appear in The Anvil Herald in coming weeks.)

Hondo's most needed project is some kind of recreational unit. Tourists, travelers, and people who are seeking a place in which to settle often ask, "What means of recreation does the city provide?" The answer for Hondo might as well be "none."

This often is the very deciding point as to the question of settling down. As of now the only decent recreational means in Hondo is the local theatre. Why do parents and other citizens fuss when young people go astray, get into mischief, or run loose on the streets? In Hondo, where do they expect them to go? There is no place.

Hondo needs and could provide different means of recreation with lots of willing help from all citizens. Community socials and barbecues could be held and money could be raised in that way. Most everyone would donate something to help make these a success.

A library would be a useful recreation. This wouldn't lay too heavy a burden on anyone and most every high school student would be willing to help. The books could be willingly donated by everyone. This would be an instructive place for the younger, as well as for the old to spend leisure time. A small fee could be charged to rent out books, and this

would bring in some money to help in the library's upkeep.

A recreational park would be an ideal thing for Hondo. A park would be a perfect and healthful place for children to spend leisure and joyful hours. In a recreational park, there could be a swimming pool and skating rink, with certain evenings for dancing, swings, see-saws, and other various park equipment. Tennis and volleyball courts and a baseball diamond would also be another good way to provide fun for the children. A small fee could be charged to enter the park which would bring in large funds to help in its upkeep. A concession hall would serve as a place in uncertain weather. Bowling alleys, ping pong tables, and indoor games would be provided. This could be made a place for children of all ages to enjoy.

Hondo has facilities to build up the town in such a manner. We have access to the buildings at the airfield and to the land. Why doesn't Hondo get down to brass tacks and do something? Other towns smaller than Hondo have done much more for their children, so why can't Hondo?

We, the children of today, will be citizens of tomorrow, and how can we be expected to start some big project without any kind of experience? Why should we let other towns get ahead of us when we have the real making for these things and for a nice town in which to live?

Let's make everyone that lives in Hondo be proud to say, "I live in Hondo, a town that is a good and nice town to live and be in." This project alone would help make Hondo grow.

LET'S KEEP STRAIGHT ON THIS MATTER OF STRAIGHT ROADS

To show the widespread interest in road building and to make clear some points, we quote the following from S. O. S.'s column in a recent issue of the Jourdan Monitor:

A meeting was called last month at Hamilton, for all towns and cities located on Highway No. 281. The purpose is to improve the Legion Memorial and make it the connection line from Canada to Mexico. Contracts are also let for the building of 18 miles of highway No. 83, between Leakey and Junction. That will complete a direct line from Canada to Hondo—one of the most scenic routes in the states.

There we connect with Highway 173 to Jourdan and the Rio Grande.

Most all heavy trucks, especially eight wheelers are forced off No. 173 for lack of better bridges.

A more direct route from Jourdan to Three Rivers and the Coast, should be in order.

Highway 281 enters Texas at a point just north of Wichita Falls, follows a general southerly direction, passing through Hamilton, San Antonio, Pleasanton and on to the Rio Grande in the lower valley.

That the people along that route are awake to its importance is evidenced by the above.

We regret that lack of proper interest in another road, however, compels us to inform S. O. S. that the "direct" line from Leakey to Hondo remains yet to be built before it can connect with 173 to Jourdan.

When that link is built all that is said above will become true.

Then when Jourdan sees to it that a more direct route from that town to Three Rivers is provided, 173 will not only become the most direct road for many people to reach the coast, but it will become a feeder for several highways leading to old Mexico.

One of these is that part of 173 mentioned above which leads off to the South from Jourdan and, as indicated by the complaint voiced about the bridges, is evidently still under construction.

Every day, reasons multiply to show the importance of completing the link between 83 at Leakey and 281 below Jourdan with as little further delay as possible.

AT WHAT A PRICE ARE HIS DEBTS TO BE PAID

President Truman has paid off the biggest single political debt that he incurred in the campaign. He has rewarded the chief money raiser—Louis A. Johnson—with an important post in the cabinet. The Department of National Defense allocates contracts and spends approximately 15 billion dollars a year of public funds for the armed services.

This striking paragraph is the introductory statement of a recent comment on Washington affairs by David Lawrence.

That the transaction was in

liquidation of a political debt pure and simple, he verifies from Truman's own words.

Some time previous to this appointment, Truman is on record as having said, in an address before the Finance Committee of the Democratic National Committee:

"There were times in this campaign when we were pretty well strapped. We couldn't buy radio time, we couldn't even pay for the transportation of the President from one end of the country to the other to make his campaign. But we did get Louis Johnson interested in the situation, and from the time he began operations, we were able to make the necessary tours and get some of the radio time necessary to tell the people of the United States what the issues really are and were."

The mere matter of Truman paying off a political debt would be of little moment if it were not for the sinister possibilities implied in it.

Fifteen billion dollars is a lot of money, and a shrewd politician could so handle it as to pay off a mighty big political debt.

This purely political appointment was made at the sacrifice of real statesmanship and without due regard to its effect on public welfare, if we draw the right inferences from Mr. Lawrence's comments.

He draws a disparaging comparison of the new appointee's qualifications as compared with the retiring head of the Department of National Defense, and implies a fear that the advantage of "non-partisan administration" may be jeopardized.

And it is further implied that this sordid prostitution of political power to the payment of political debts is but the forerunner of more like performances that are to follow.

Mr. Lawrence closes his comment with this rather disturbing conclusion:

"There are others who contributed money or helped raise it for the Truman election. Their nominations to other offices will be revealed in due time, for that's the kind of administration to which the voters last November presumably gave their 'mandate.'"

Here in Hondo

Mrs. Cecil Wood and children were visitors of Sgt. and Mrs. Homer L. Freund at Randolph Air Force Base Tuesday, Wednesday and Thursday of last week. Their visit was climaxed by a birthday party for Doris Freund at Brackenridge Park where the children visited the Zoo, Aquarium and the reptile garden. Sgt. Cecil Wood called Mrs. Wood from Tokyo Thursday night.

Mr. and Mrs. Henry Windrow left Monday for Sinton to visit Mr. and Mrs. Murry Stevenson. They will also visit Mr. and Mrs. Joe Barnhardt in the valley before returning, and Mr. Windrow expects to do some deepsea fishing in the Gulf.

Letter To The Editor

Dear Sir:

I have received a letter from a manufacturer of home permanents, and as I have given a number of them to my friends, I thought I should pass the information along to others.

I would like to have this clearly understood: I am not working against any beauty shop; I am only giving the home permanents to my friends and neighbors merely as a favor, and I have never charged anything for them.

The letter I received told about Senate Bill 247 which would restrict the giving of home per-

300 Attend Methodist Services At Yancey

YANCEY—A new record was set as over 300 persons attended the Sunday morning services at the Yancey Methodist church last week, according to Rev. William Jones, pastor.

Rev. Vernon Perry of San Antonio delivered the sermon.

Rev. Jones also states that the Week of Dedication, which ended Saturday night, was also very successful.

MARRIAGE LICENSES

Marion Budge and Miss Audy Budge.

And then it rains!

ONE of life's daily dramas is the weather. The weatherman studies the situation and says tomorrow will be fair and warmer. You read about it in the newspaper and plan a picnic. And then it rains!

The newspaper brings you the report of the fact of rain and the opinions of the forecaster, the ball game score and the crop estimate, the report of a fire and the statements of the President.

Some people would have it otherwise. They would have the newspaper print no opinion—except their own. They would like to limit what you read. They think the free exchange of ideas and opinions is dangerous. It is—to them.

Opinions are as much a part of the news as facts. The newspaper brings you all sorts of both in order to serve you better. Facts are valuable because they help you form your own opinions. When opponents debate an issue you are better equipped to decide who is right. By reading facts and opinions you get the knowledge that guides your decisions on how to shape your life, how to invest your money, how to vote—how to stay free.

Now you can read what you want and decide as you want. Your enemies do not want you to do that. As long as you do, they cannot control you. They don't want you to know and use your wits to make the right decisions about men and issues. To achieve their aims they would close off your access to the world of knowledge.

Because the newspaper is your main source of facts and opinions it is the first to be attacked. To control your mind—and you—there is a studied plan to control what you read in newspapers. The scheme is to invade and take away your right of a free press—not just the newspaper's—but yours!

The newspapers have no monopoly on a free press. It belongs to everyone. And it belongs to you even though you never write a letter because the right of a free press includes your right to read.

If you think your right to read freely is not in danger, read the proposals that are being offered, supposedly in your interest, by certain commissions and committees operating under lofty-sounding names and in some cases on public funds.

You may agree with some of their arguments. That is your right. But before you make up your mind, take a second look. Newspapers only head the list. Control of your sources of information means control of your opinion and, if the experience of the people under Hitler and Stalin tells anything, under such control you can expect someone, someday, rain or shine, to tell you when you can have a picnic.

Your right to know is the key to all your liberties
